INDEPENDENT AUDITORS' REPORT

To the Commissioners Door County Tourism Zone Commission Sister Bay, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the Door County Tourism Zone Commission ("the Commission") as of and for the year ended December 31, 2014, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of December 31, 2014, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note A, the financial statements present only the Door County Tourism Zone Commission of the City of Sister Bay, Wisconsin, and do not purport to, and do not present fairly the financial position of the City of Sister Bay, Wisconsin, as of December 31, 2014 and the changes in its financial position or its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Commission's basic financial statements. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Summarized Financial Information

We have previously audited the Door County Tourism Zone Commission 2013 financial statements, and our report dated April 10, 2014, expressed an unmodified opinion on those financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 16, 2015, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Commission's internal control over financial reporting and compliance.

Notes to Financial Statements
December 31, 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES

The accounting policies of the Door County Tourism Zone Commission, ("the Commission") conform to accounting principles generally accepted in the United States of America for enterprise funds as defined by the Governmental Accounting Standards Board (GASB). A summary of the Commission's accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Reporting Entity

The Door County Tourism Zone Commission is a commission formed under Section 66.0615 of the Wisconsin Statutes. The Commission was created on April 12, 2007 for the purpose of promoting and developing tourism. The jurisdiction of the Commission is presently the entire Door County, Wisconsin area. All of the individual cities, villages and towns of Door County are members of the Commission by agreement. This includes: City of Sturgeon Bay, the Villages of Egg Harbor, Ephraim, Forestville and Sister Bay and the Towns of Baileys Harbor, Brussels, Clay Banks, Egg Harbor, Forestville, Gardner, Gibraltar, Jacksonport, Liberty Grove, Nasewaupee, Sevastopol, Sturgeon Bay, Union and Washington.

The municipalities in the tourism zone enacted a room tax ordinance to collect a 5.5% tax on transient lodging. Although the tax is owed to the municipality, the tourism zone by agreement makes all collections and distributes the amounts in accordance with the agreement. The agreement provides for a monthly distribution of the room tax collections as follows:

- 30% To municipality where the lodging facility is located
- 66% To be distributed to a contracted tourism entity in accordance with an agreed-upon budget
- 4% To be used for administrative expenses

The Commission is governed by members appointed by each municipality along with two additional members appointed by the Commission. The term of the municipal agreements was five years from the effective date of January 1, 2007. After the first five years, any member may withdraw, without penalty, from the agreement upon giving the Commission six months-notice.

The Commission has not identified any potential component units as defined in GASB Statement No. 61.

2. Enterprise Funds

The Commission accounts for its operations as an enterprise fund. Enterprise funds are used to account for operations financed and operated in a manner similar to private business with the intent that the costs (expenses, including depreciation) of providing services be financed primarily through user charges.

3. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities and deferred outflows/inflows of resources associated with the operation are included on the Statement of Net Position. Enterprise fund operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

The accrual basis of accounting is utilized by enterprise funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Unpaid enterprise fund service receivables are recorded at year-end. All capital assets are capitalized at historical cost and depreciated over their useful lives. There are no capital assets at December 31, 2014.

The Commission records expenses for disbursements to the contracted tourism entity and for distributions to municipalities.

Notes to Financial Statements December 31, 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES (Continued)

4. Net Position

Net position is classified into the following three components:

- Net investment in capital assets Amount of capital assets, net of accumulated depreciation, and capital related deferred outflows of resources less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and any capital related deferred inflows of resources.
- Restricted Amount of net position that are subject to restrictions that are imposed by 1) external
 groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law
 through constitutional provisions or enabling legislation.
- Unrestricted Net position that are neither classified as restricted nor as net investment in capital
 assets.

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Commission currently does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Commission currently does not have any items that qualify for reporting in this category.

6. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

7. Comparative Data

Comparative amounts for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Commission's financial position and operations.

Notes to Financial Statements
December 31, 2014

NOTE B - CASH AND INVESTMENTS

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool.

The carrying amount of the Commission's cash and investments totaled \$299,828 on December 31, 2014 as summarized below:

Deposits with financial institutions

\$ 299,828

Deposits and investments of the Commission are subject to various risks. Presented below is a discussion of the Commission's deposits and the related risks.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities.

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available.

As of December 31, 2014, none of the Commission's deposits with financial institutions were in excess of federal and state depository insurance limits.

NOTE C - AGREEMENT WITH DOOR COUNTY VISITOR BUREAU

On June 28, 2007, the Commission entered into an agreement with the Door County Visitor Bureau (DCVB) for the purpose of providing staff, visitor center facilities, support services and assistance in developing and implementing programs to promote and develop the tourism zone. The first amendment to the agreement was signed in February of 2009. The second amendment to the agreement was approved in May of 2012. In accordance with the agreement the DCVB is appointed the agent of the Commission. The Commission is obligated to distribute 66% of monthly room tax to the DCVB consistent with their annual adopted budget.

The initial term of the agreement was for five years, consistent with the term of the Tourism Zone Commission Intergovernmental Agreement and thereafter renewable automatically on a year-to-year basis, unless either party to this agreement, with at least six months-notice, declines the renewal position.

Notes to Financial Statements
December 31, 2014

NOTE D - OTHER INFORMATION

1. Risk Management

The Commission has purchased commercial insurance policies for various risks of loss related to torts; theft, damage or destruction of assets; errors or omissions; injuries to employees; or acts of God. Payments of premiums for these policies are recorded as expenses of the Commission.

2. Contingent Liabilities

From time to time the Commission is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Commission's financial position or results of operations.

ADDITIONAL INDEPENDENT AUDITORS' REPORT FOR FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Commissioners Door County Tourism Zone Commission Sister Bay, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Door County Tourism Zone Commission as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Door County Tourism Zone Commission's basic financial statements, and have issued our report thereon which included an emphasis of matter paragraph as indicated on page 2 dated April 16, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Door County Tourism Zone Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Door County Tourism Zone Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Door County Tourism Zone Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Commission's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Door County Tourism Zone Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Door County Tourism Zone Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Door County Tourism Zone Commission's internal control and on compliance. Accordingly, this communication is not suitable for any other purpose.
