Door County Tourism Zone 2022 Annual Meeting

THE TOURISM ZONE... In May of 2007, 10 Communities formed a Tourism Zone according to **WI State Statute 66.0615**. By the end of 2008, all 19 communities were a part of the Door County Tourism Zone.

WHY AND WHEN... In 2007 the Door County Tourism Zone Commission was established via grass roots efforts by a group of concerned citizens called "Door County Peninsula Strategic Marketing Coalition". They fundraised and volunteered their time to raise money for a market study. This idea didn't originate with local government officials; it began with the very people who make their livelihood in the tourism and hospitality industry in Door County.

WHAT DID THE MARKET STUDY SHOW? Door County needed new revenue sources to create and implement effective marketing to stop losing tourism market share. Membership dues simply weren't enough to effectuate a modern marketing program. For Door County to remain a sought-after destination, the only option was to generate money for a broad and unified marketing campaign.

TOURISM WORKS FOR US: HOW IS MARKETING PAID FOR? Room Tax revenue provides the mechanism that ensures the ongoing funding for the marketing of Door County. In the competitive marketplace where travelers have many options, Destination Marketing Funds allow Door County to be marketed and represented. Prior to 2007, Door County's marketing entity, DDC, had marketed Door County with a marketing budget of less than \$200,000.

Municipal Room Tax Distribution

WHERE DOES ROOM TAX GO IN DOOR COUNTY?

DESTINATION DOOR COUNTY

Distributes 19% of the 70% to the Strategic Community Partnership Program.

All remaining room tax revenues are used to market Door County to increase interest in visitor-ship and generate overnight stays.

Develops and executes their Annual Marketing plan and budget.

Reimburses municipalities for their portion of the DCTZC's budget.

- For the same period, the Tourism Zone distributed:

- \$21.5 million to member municipalities.

Tourism Zone Active Permits

2022 Year in Review

In 2022 the Tourism Zone successfully implements the room tax rate change across all permit holders.

The Commission and Destination Door County enter into a new Entity Agreement. TZC and DDC develop ongoing strategic marketing plan.

With support from DCTZC, DDC and the Door County Community Foundation establish the Community Investment Fund.

Recognizing the need for improved data access, staff implements a redesign of the Tourism Zone website.

The Commission makes a commitment to preserving resources by eliminating paper usage and transitioning to online filing. Staff host multiple education sessions to assist the transition.

The Commission reduces Commission liability and vulnerability by improving website security, and reassessing internal controls and duties.

Enforcement Measures/Successes-2022

The Tourism Zone recovered

- \$5,008.39 in legal fees
 - An additional \$3,999 in legal fees were sent to collections
- \$51,197.30 in late fees and interest on unpaid tax
- \$35,886.77 in rejected ACH and credit card tax payments
- \$8,126.91 in tax payment shortages from incorrectly filed paper forms

Over 1,600 missing report letters and 1,000 emails were sent to permit holders ensuring compliance with reporting requirements, in addition to 400 incomplete/missing payment letters.

Of the two hundred twenty-eight properties permitted in 2022, Forty-three permits were issued due to compliance efforts (19%).

The Tourism Zone contracted with Hawkins Ash CPAs for the purpose of auditing a property manager and recovering \$25,000 in missing taxes, fees, expenses, and penalties.

Three other judgments were made in the Commission's favor, totaling \$19,887.64.

Legislative Changes

SB198/AB189

As of October 1, 2021, Marketplace Providers were no longer required to submit room tax and accompanying reports on a monthly basis. Taxes are now distributed on a quarterly basis.

The Tourism Zone office now monitors checks remitted on a quarterly basis compared to permit holder reports and the shortages/overages instead of monthly to reconcile any disparities.

Looking Ahead in 2023

- Assist the last of our permit holders in transitioning to online filing
- Take measures to ensure continued room tax compliance and honest reporting throughout the County
- Expand data availability to the public
- Continue to assist and partner with requests, education, and partnership with permit holders and municipalities
- Work to organize lodging tax entities

DESTINATION DOOR COUNTY

MAY 2023 DASHBOARD REPORT

MARKETING & BRAND STRATEGY

Master Planning: Twelve focus groups were conducted, along with several one on one interviews. We continue to gather feedback from our community stakeholder and resident surveys that will close on June 21st. The two town hall meetings have been scheduled for Sept 13th at the Sister Bay Fire Dept and Sevastopol Town Hall.

***Please take the time to give your feedback in both surveys and share within your circles.**

Paid Media: We continue to see strong performance across all tactics. May saw the introduction of the Meetings campaigns on LinkedIn & Meta. Both had incredibly strong performance for their first month.

On the analytics side, for the month of May, doorcounty.com saw an increase in metrics across the board compared to April. Users were up 28%, sessions up 33% and avg. session duration saw a 7% increase from 02:11 to 02:20. Bounce rate went down 6%. These increases are a great indicator that our mix of media tactics are working, and are driving people to the website to learn more, showing a higher intent to visit.

Group & Meeting: Attended IPW in San Antonio, TX. DDC shared a booth with Discover Green Bay and met with 30+ international and domestic buyers and journalists to increase brand awareness for our region and respective destinations and to help drive incremental room nights and revenue. The show also provided the opportunity to connect with prominent associations like Great Lakes USA and Recreation.gov to find ways to better position Door County within these markets.

COMMUNICATIONS & ADVOCACY

National Tourism Week: We celebrated the 40th annual National Travel & Tourism Week May 7-13 with several events and celebrations and also conducted local outreach activities about the importance of the visitor economy in Door County.

Community Investment Fund Grants: The first round of grant recipients for our new Community Investment Fund were announced on May 15. A total of \$325,251 was awarded to 8 different projects.

Leave No Trace Spotlight: We finalized details and prepared for this special 3-day event June 8-10 in Peninsula State Park, which is a collaboration between Destination Door County, the Wisconsin DNR and Leave No Trace Center for Outdoor Ethics.

Spring Press Trip: We welcomed 14 travel journalists on a Maritime/Blossom themed press trip May 18-21.

Destination Connection: The inaugural edition of a special newsletter we put together containing tourism news and information specifically targeting our 19 municipalities and local elected officials was distributed on May 31 and we also launched a special web page just for municipalities.

J-1 Social Security Sign-up Days Secured

We have secured dates with the Social Security Administration - Green Bay for two dates at the Ephraim Village Hall. Wednesday, June 21st & Friday, July 14th. Contact Phil@DoorCounty.com to request appointments.

Two of our part-time seasonal Destination Specialists, Laura Lloyd and Hunter Malvitz have returned for the season and we are pleased to welcome our newest seasonal Destination Specialist, Odette Siebold, to the DDC team. Travelers Intend to Use Artificial Intelligence for Trip Planning

According to the latest Longwoods International tracking study of American travelers, 32% of them are likely to use Chat GPT as a tool for planning their next trip. Chat GPT is an artificial intelligence chatbot technology developed by research company Open AI.

"We fully expect similar early adoption by the industry and travelers to the potential benefits of employing artificial intelligence in travel planning and decision making."

The shift to electric vehicles is another emerging technology travel trend, with 37% of travelers likely to use an electric vehicle on their next trip. And 79% of travelers reported that traveling with friends and family brings them closer together, and 65% say they appreciate travel more after living through COVID-19 travel limitations and restrictions.

Destination Analysts: The State of the American Traveler- May 2023

Risk of Travel's Declining Value Perception

Americans' love for travel continues, but the industry should heed warning signs—particularly feelings of a declining travel experience and the value they receive for their money—which may challenge this devotion.

The biggest impact on travel sentiment over the last 13 months has been anxiety about the economy. Travelers aren't feeling quite as good about their current financial situation as they were over the last few months and are growing wary of the travel industry due to price gouging, labor shortages, and an increasingly frustrating domestic travel experiences.

- The Commission shall submit to municipalities a list of all lodging properties in the municipality, the total room tax paid and any properties that are delinquent
- A quarterly report of all administrative expenses of the Commission for the past quarter
- A detailed report from the Tourism Entity itemizing all expenses incurred in the past quarter
- This report should be delivered within 60 days of the end of the quarter

Finances, Contracts, and Structure

Bylaws Article 7

- A Chairperson, Vice-chair, Secretary, and Treasurer are all required for the operation of the Commission
- The Commission may authorize any officer/s and/or employees to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Commission
 - The Chairperson shall do so with respect to any approved budgetary item or as may be granted by the Commission for other specific items from time to time
- No loans shall be contracted on behalf of the Commission unless authorized by or under the authority of a resolution of the Commission

Commissioner Responsibilities

- Keep your municipality up to date on the Tourism Zone's activity and the status of room tax in Door County
- Be familiar with the State Statute that governs and established room tax: §66.0615.
- **Commission Representation:** The appointed Commissioner shall represent the Commissioner's City, Village or Township's interests to the Door County Tourism Zone Commission. The Tourism Zone Commission consists of representatives from all 19 municipalities of Door County. The Commissioner shall be subject to the provisions of the Wisconsin Open Meetings law as amended. Members of the Commission shall be appointed by the principal elected official in the municipality and shall be confirmed by a majority vote of the members of the municipality's governing body who are present when the vote is taken.
- **Commission Member Duties:**
- The terms of office of the municipal commissioners shall be one (1) year commencing in June of each year.
- The Full Commission meets seven times per year. A Commissioner is expected to attend all regular meetings unless excused to represent the Commissioner's City, Village or Township's interests.
- A Commissioner may be asked or may volunteer to serve as an officer or on a standing or ad hoc committee.
- Commissioners receive no salaries for their services but are entitled to reimbursement for their actual and necessary expenses incurred in the performance of their duties. Reimbursement for mileage shall be at the then-current Standard Mileage Rate for Business established by the Internal Revenue Service.

Liability Reduction Measures

- Do not complete tax calculations directly for permit holders but instead guide them through it.
- Do not allow anyone but the property owner to sign applications or change of information forms designating a new agent.
 - Giving someone access to a tax profile and/or owner bank account information without proper documentation creates a potential legal issue for us
- Do not discuss or give information over the phone to owners regarding the amount of taxes they paid or lodging revenue produced over the phone. We offer to email it to the primary email already on file with us.

Common Questions

- Airbnb and VRBO collect all my taxes and send them to the Tourism Zone. Why do I need to submit a report?
- Why do I have to pay this tax as a lodging provider?

Thank you!

DOOR COUNTY TOURISM ZONE COMMISSION
